Unemployment normally drops nore sharply at this time of year. Employment lose by 198,000 to 65,179,000. The increase was not as great as usual for July.

After taking seasonal factors into account, the rate of unemiplayment increased. The Com-merce and Labor Departments said 7.3 per cent of the pork force was jobless last month compared with 6.8 per cent in June. The peak recession rate was 71/2 per cent in April

Manufacturing employment was down 23,000 in July, to 15,165,000. This was less than the decline which usually occurs during the month. A small gain in jobs among producers of soft goods was more than offset by a reduction in employment in durable goods industries.

TO THE DEMOCRATIC VOTERS OF HEMPSTEAD COUNTY, ARK.

One of the most important duties of your County Judge is with respect to the roads and highways of the county. It shall be my purpose to, at all times, cooperate with the State and/or Federal Government with respect to building roads and to, in addition to blacktopping such roads that we can obtain Federal and State Aid for, build and improve such other Farm to Market Roads as the funds of the county will permit, realizing that good roads are essential to the well being of our citizens and to the building and maintaining of better schools.

TO THE VOTERS OF HEMPSTEAD COUNTY Dear Friends:

I am a condidate for CORONER of Hempstead County, Arkansas, and will appreciate your yote on August 12th,

The Coroner is called upon to pass on all unexplained deaths, and this usually involves a medical guestion. Most progressive counties elect a doctor to this office.

This is an important affice, although many citizens aver-look its importance in the excitement of an election its a position that demands the knowledge and experience of a physician,

lam not a politician, and know nothing about politics. It will be something of a personal socrifice for me to serve as Coroner but I am willing to do so if the people will elect me because I know that some doctor is needed for this

Thanking you in advance for your consideration and yets, I am

Respectfully yours, DR. C. LYNN HARRIS

DECAUSE we have outgrown our present quarters, we have been unable to give you the services to which you are entitled and have been endeavoring to work out some plan to meet this condition.

We have complete confidence in the future of Hope, of Southwest Arkansas, and in our own continued growth. As a concrete evidence of this faith in the future, and to meet our need for additional room, we have decided to construct a New Bank Building.

Property at the corner of Second and Walnut streets has been purchased and, as soon as contracts can be let. construction of a Modern Banking Home will be com-

MONG other things, our new home will feature the following:

- 1. Ample lobby space which will relieve our present crowded condition.
- Eight teller's windows which will eliminate the long lines and the delay which is now necessary on busy days.
- 3. Convenient safe deposit vault with ample safe deposit boxes for the protection of your valuables.
- 4. A drive-in window for the convenience of those who are in a hurry and which will make parking unnecessary,
- 5. An adjacent free parking lot for your use while transacting business in the bank.
- 6. An all year air-conditioned "Community Room" which will seat up to 45 people. This room will be available for free use by all civic and community groups for day or night meetings.

It is our intention to equip our New Bank with the latest and most modern fixtures and equipment so we will be able to give you the very best possible service.

E WANT to take this opportunity to thank each of you for the business you have given us in the past; for the patience you have shown while we were so crowded, and for your continued patronage in the future.
